About Myself

A passionate and innovative 3D Fashion Designer with over five months of professional experience at Ingenitex. Skilled in creating high-quality 3D garment prototypes using CLO 3D and Adobe tools, with strong knowledge in digital pattern making, fabric analysis, and trend research. Dedicated to blending creativity and technology to design sustainable, market-ready fashion solutions and seeking to contribute to a forward-thinking fashion or apparel design company.

Education

B.Sc.	Shanto-Mariam University of Creative Technology , Department of Fashion Design & Technology • GPA: 3.40 /4.0	Jan 2020 – June 2024
HSC	Milestone College, Dhaka , Group: Business Studies, Dhaka Board • GPA: 3.87 /5.00	2019
SSC	Ramnarayanpur High School, Noakhali , Group: Business Studies, Cumilla Board • GPA: 3.50 /5.00	2017

Technical Skills

Fashion Design & Styling: Digital Pattern Making, Fabric & Trend Analysis, Fashion Illustration, Draping Techniques, Garment Construction

Software Proficiency: CLO 3D, Adobe Illustrator, Adobe Photoshop, Adobe Premiere Pro

Microsoft Office Tools: Word, Excel, PowerPoint

Additional Skills: Technical Flat Sketching, Trend Forecasting, Material Simulation, Tech Pack Preparation, Product Visualization

Experience

Ingenitex, Junior Fashion Designer

Shimul Tola,
Jamgora, Ashulia
Aug 2025 – Ongoing

- Design and develop creative garment concepts for **activewear, knitwear, sportswear and lingerie** product lines.
- Create detailed **digital garment prototypes** and visual presentations using **CLO 3D** and Adobe Illustrator.
- Collaborate with pattern makers and production teams to ensure accurate fit, style, and technical specifications.
- Conduct fabric selection, color coordination, and trend analysis to align collections with seasonal directions.
- Streamlined design-to-sample workflow by integrating digital visualization into the development process.

Abanti Color Tex (Crony Group), Fashion Design Intern

Dhaka, Bangladesh
4 Months

- Supported the design team in **fabric sourcing, trend research, and sample development.**
- Assisted in **pattern making, garment fitting,** and technical presentation under senior designers.
- Gained hands-on experience in **fashion production processes** and **quality control.**

Creative Expertise

Makeup Artistry: Bridal & Editorial Makeup, Airbrush Technique, Skin Prep & Contouring

Professional Training

3D Fashion Design, Skills for Industry Competitiveness and Innovation Program (SICIP)

Jun 2025 - Aug 2025

- Comprehensive hands-on training on **CLO 3D**, digital garment visualization, and pattern development.
- Focused on material simulation, fabric physics, and real-time rendering for apparel design.
- Enhanced skills in **virtual fitting, 3D draping,** and digital prototyping workflows.
